

Technical Specification: PDF_SPEC_API

PDF_SPEC_API defines the text-only eval contract for PDF fixtures.

PDFChunker NewPDFChunker page aware chunking metadata is required.

Expected chunks expose content_type pdf with page_start and page_end.

Search output contract for PDF_SPEC_API

search_docs content_type pdf page_start page_end output must remain visible.

Fixture pages stay tiny so github.com/ledongthuc/pdf extracts text deterministically.
